

POSITION

South Central Area Representative

CANDIDATE'S FULL NAME –

Katelynn Wintz, PP, AICP

CANDIDATE'S POSITION STATEMENT IN PARAGRAPH FORM

When I joined APA, I made a personal commitment as a professional to be an active volunteer. Since joining in 2015, I have had the opportunity to volunteer as a National Planning Conference Session Reviewer, an APA Ambassador, and the APA Women & Planning Division as Director of Programs for four years! I am honored to serve as the South Central Area Representative for APA Colorado for the last two years. It is an honor to serve the planners in the 14 southeastern counties of the state and one I hope to continue. Ongoing COVID concerns have limited our ability to host events. In my next term, I am committed to providing events to engage with the South Central Area planners through in-person and virtual events to support continuing education and highlight work in the region. Many areas of Colorado face unprecedented challenges relating to growth, development, resource planning, and conscientious efforts to create sustainable communities for the future of our great state. I hope to have the opportunity to collaborate with planners in our region to provide thoughtful opportunities for professional growth and networking, and it would be an honor to continue serving as the APA Colorado South Central Area Representative!
